

Henderson "HOLLERS" Spring Edition 2019

Dear Trinity Morristown United Methodist Church,

By receiving our e-newsletter you are assisting us in being good stewards. Thank you for your support.

Henderson Settlement House Build - 2019

We have recently completed our process to select the recipient of our 2019 new home build. We received 3 applications this year, and selected Tom McCulley as the most pressing need from among the qualified applicants. [Read More...](#)

Grow Appalachia

Earlier this year, we re-entered partnership with the Berea College GROW Appalachia Program. This program provides technical and material support to community members desiring to grow more of their own

food, but need help with resources to do so. [Read more...](#)

WOW! A lot has been happening here in the Greenhouses! [Read more...](#)

Youth Development Learning Lab -

The Greenhouse

God is leading us into a new chapter of service and ministry to our community youth. We hear His call to serve both the spiritual development needs and the life direction of our young people. In many cases, our students graduate from high school with little hope for the future. [Read more...](#)

HS Youth on a mission retreat

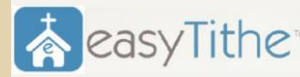

Henderson Settlement's Youth Group attended a mission retreat in

Lafollette, TN called Disciple Now. In preparation for this overnight trip they had to find a way to fund this mission. [Read more...](#)

Seniors Ministry Makeover

We are in the earliest stages of transformation of our Senior Program. Our community seniors will assume leadership of the program, with the Settlement providing the support that they need (aspects of the

program not available from the community). The dream of our community seniors is to have a program that... [Read more...](#)

Farm Improvement Plan - 3-year USDA Program

In June of 2018, the settlement entered into a 3-year contract with the USDA to restore our lower farm pasture infrastructure, and to introduce rotational grazing practices. Managing our cow-calf operation under these practices will both improve its profitability and reduce its environmental impact. [Read more...](#)
