God's Blessings

As we move through this period that includes uncertainty, anxiety and fear, it's particularly important that we rely on God's strength and provision, and also that we take particular care to acknowledge and celebrate the many blessings He showers upon us during these times. [Read More...](#)

Outreach Ministries

Feeding the families and children we serve has been one of our main priorities during the COVID-19 outbreak. Even in the best of times getting food on the table is a major concern for families in need. Now, measures to prevent the spread of

COVID-19 have added to the anxieties of not only those families but those now finding themselves without income. We have shifted our operations slightly to accommodate families in need. Farm Update

We are off to a good 2020 start on the Farm. Our herd size is now at 64 head, with the arrival of 27 Spring calves. The annual rye grass we sowed last Fall has come up in abundance, and allowed us to move more quickly to grazing vs

feeding stored hay, as planned.
